Christmas is always a special time at Waddesdon and 2016 is no exception - so join us for a very special Christmas celebration at Waddesdon Manor.

We have booked timed tickets to view the selected decorated rooms in the Manor – this year's theme '**Magical Materials from the Earth and Sea**' is inspired by rare and exotic materials to be seen throughout the Waddesdon collections.

In the Stables extraordinary bakers '**The Biscuiteers**' will be displaying their own miniature creation of Waddesdon Manor. As dusk falls The '**Programme of Winter Light**' by internationally recognised artist Bruce Munro is a wondrous display of 9,000 slender stems covered with radiant frosted glass spheres. The '**Son et Lumiere**' will bathe the Manor in a radiant coloured light show every 15 minutes and the giant candlestick sculptures featuring 574 wine bottles will also be illuminated.

The **Christmas Fair** outside on the parterre will feature 60 different stalls and offer visitors a great selection of Christmas gifts and festive foods from around the country.

All this followed by a splendid **High Tea** taken together in the Manor Restaurant with an array of savoury treats and dainty desserts, a glass of prosecco and choice teas – rounded off in the festive spirit with a glass of mulled wine. Not to be missed!
